

WARRANTY

Warranty Terms. Shoreline Plastics LLC, Manufacturer of the ECOPILE™ MARINE PILING, hereby warrants that each original installation of the ECOPILE™ MARINE PILING, when properly installed using approved techniques, within appropriately approved engineering design criteria and under proper use, the ECOPILE™ MARINE PILING, will be covered for a period of 25 Years and be free from manufacturing defects for a period of 25 years from the original sale date. Further, Shoreline Plastics LLC, offers a lifetime warranty against destruction of the ECOPILE™ MARINE PILING caused by marine boring organisms.

Warranty Limitations & Remedies. The ECOPILE™ MARINE PILING PILE installation requirements include many factors outside Manufacturer's control, and this warranty does not extend to damage or loss resulting from improper or defective installation, the effect of stress, strain or other forces exerted on pilings by connected structures or any other installation element beyond published engineering elements. In the event a manufacturing defect exists in any ECOPILE™ MARINE PILING PILE purchased by Customer from Manufacturer, as detailed and reported to Manufacturer in writing within 25 years of original ECOPILE™ MARINE PILING purchase, Manufacturer will, at its option, as Customer's sole and exclusive remedy, either (1) provide to Customer at no-cost a replacement ECOPILE™ MARINE PILE or (2) reimburse Customer the original price paid for the defective ECOPILE™ MARINE PILING pile. This warranty does not cover, and Manufacturer shall not be responsible for, incidental, consequential, special or punitive damages, attorneys' fees and costs, nor costs to examine or inspect products or any constructed system using the ECOPILE™ MARINE PILE. Without limiting the foregoing, Manufacturer shall not be responsible for installation, repair, construction, labor, disposal or other costs occasioned by a manufacturing defect. Manufacturer shall not be responsible for any damages or loss resulting from acts of nature, damage caused from impact to the ECOPILE™ MARINE PILING, or impact to or damage caused from other structures connected to the ECOPILE™ MARINE PILING.
